LNESC Mourns the Loss of a Promising Young Former Program Participant

The LULAC National Educational Service Centers (LNESC) is sad to announce, with a heavy heart, the passing of a promising, young former student participant, Daniela Magana of Hollister, California. Daniela was a program participant in the 2014 Washington Youth Leadership Seminar in Washington, DC and a LULAC young adult member.

After participating in the leadership program, Daniela returned home motivated to continue her education as a DACA student. Soon after, Daniela graduated from San Benito High School in 2015. She was a member of San Benito County LULAC Council 705 and the Young Adult/Collegiate Council 3084. Daniela was a youth member who participated every year in the local annual Relay for Life.

Daniela Magana was a 2019 graduate of Fresno State University, receiving her BA in Social Work. She was an excellent student who immediately was offered a position working as a Behavioral Technical Therapist for children with Autism. She truly enjoyed her job and was proud and caring of her work with children.

On February 8, 2020, Daniela passed away on her 23rd birthday at her home in Hollister. If you would like to make a donation to Daniela's family to help alleviate the financial burden of her medical expenses, please visit her GoFundMe page.
